Racing – The Greyhound Owner
How we work at
Our Girl Penny Greyhound Rehoming Program
(OGPGRP)
JakesPlace

All incoming Greyhounds must be desexed and immunised with a C5, any prior injuries must be declared via email.

The racing owner will book their greyhound into OGPGRP, phone or email. Deb will confirm and send requirements via email.

The racing owner will send through photos (min of 3) of their greyhound. Details required are: sex, microchip, ear brand, date of birth, weight kennel and racing name.

Photos must be good quality to ensure successful advertising via Pet Rescue, Website and Facebook, local events and sent to potential owners on our waiting list. *The greyhound will not be advertised until this is received.* As soon as the greyhound is identified by a potential owner a questionnaire and a Greyhound Expectation list is sent to that potential owner, if accepted an inspection is made to decide if this is a suitable home that matches this greyhound. The racing owner is notified.

The dog will come into OGPGRP for a 3- 5 week period for retraining into domestic life.

The racing owner will make a \$1200.00 to pay Council Registration and cover retraining and feeding the greyhound over the 3-5 week period. In extreme cases if the home fails the greyhound will be returned to the owner until a new home can be found.

Please send Photos and dog details to 0419500824 and or jakesplace818@gmail.com

If the owner rehomes the greyhound prior to this process they must notify OGPGRP so we can remove your greyhound's details from our advertising process.

Advertising only \$800.00

Dogs will not be accepted until funds are received
